At Birkenhead Veterinary Surgery we believe that a proactive, preventive approach to your pet's healthcare is far better than waiting until your pet is vulnerable, ill or suffering to put things right. We want to make responsible pet ownership simple and affordable, which is why we have designed these Pet Health Plans.

A Pet Health Plan makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, flea, worm and parasite treatments are kept up to date. Plus, regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

We have teamed up with The Practice Business, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us up to concentrate on looking after your pets.
